

SCUM IX  
January 22, 2005  
8:00 AM – 3:30 PM  
At the City of San Diego's Environmental Monitoring &  
Technical Services Laboratory  
2392 Kincaid Road  
San Diego, California

The ninth annual meeting of the Southern California Unified Malacologists will be held this year at the City of San Diego's new Environmental Monitoring and Technical Services Laboratory building (see attached map). This state of the art building houses the City's Ocean Monitoring Program. The co-sponsor for this years event will be the Southern California Association of Marine Invertebrate Taxonomists (SCAMIT).

SCUM is an informal association of southern California professional, amateur, and student malacologists and paleontologists who are active or interested in molluscan research. The purpose of the annual gatherings is to facilitate contact and keep one another informed of research current activities and opportunities. There are no dues, no officers, and no publications. SCUM is patterned after the Bay Area Malacologists (BAM), which is hosted at different institutions each year.

The doors will open at 8 AM for donuts and coffee. The meeting will begin about 9 AM. Lunch can be delivered to the meeting venue at a small cost to the participants. There is nothing within walking distance. There is very limited refrigerator space if you wish to bring your own.

The agenda:\*

**8:00 – 9:00 AM** Meet and greet

**9:00 – 11:30 AM** Introductions and short informal presentations

**11:30 – 12:00 AM** City's Ocean Monitoring Program presentation and tour of the facility

**12:00 – 1:30 PM** Lunch and Prize drawings (Prizes provided by SCAMIT)

**1:30 PM** Group Picture

**1:30 – 3:30 PM** Continue presentations

For presentations there will be a video projector and PC laptop available for those of you with PowerPoint presentations. A 35mm slide projector, VHS video player and overhead projector will also be available. For more information contact:
